

**JOIN AN  
AWESOME  
TEAM  
MAKING  
ROADS  
SAFER**

**BECOME OUR**

**CUSTOMER STRATEGY DELIVERY  
LEAD**

# THE FIGHT AGAINST UNIN- SURED DRIVING STARTS HERE

By getting to this point, you're obviously interested in becoming our new Customer Strategy Delivery Lead. We think you're making an excellent decision already, but read on to find out more.

# Ready to take on an extraordinary mission?

**At MIB our people are passionate about making roads safer by getting uninsured and hit-and-run drivers off our roads.**

The successful candidate in this Customer Strategy Delivery Lead role will be key helping us to deliver the Accelerating to Zero strategy, specifically aligned to the Uninsured Driving Prevention Value Stream.

Every company talks about the importance of their principles. We really mean it, so you'll need to demonstrate how you live our principles (more on that on page 5) while bringing your own unique style to the role.

**We make a real impact in people's lives. Will you help us take that to the next level?**

**Closing date for applications:**

22 May 2026

**Interviews:**

Week commencing 25 May 2026

# Why we exist

**We protect people from the devastation of uninsured and hit-and-run driving.**

MIB is a not-for-profit organisation founded in 1946 on the belief that no one whose life had been changed by an uninsured driver should be left without the support they deserve.

Today that has grown into a community of people and organisations tirelessly working to protect people from the devastation of uninsured and hit-and-run driving. We do it by compensating victims quickly, fairly and compassionately, and getting uninsured and hit-and-run drivers off our roads until it becomes a thing of the past.

Our work and impact stretch further too, through the services we manage for the insurance industry and the government.

**MORE THAN  
2.5M  
UNINSURED VEHICLES  
TAKEN OFF OUR ROADS  
SINCE 2005 THANKS TO  
OUR WORK**

**WE PAID OVER  
£400M  
IN COMPENSATION TO  
VICTIMS OF UNINSURED  
AND HIT-AND-RUN  
DRIVERS IN 2025**

The Insurance Fraud Bureau brings together insurers, partners and law enforcement agencies in the fight against fraud.

On behalf of the UK government, Official Injury Claim makes it quick and easy to claim compensation after a road accident.

ELTO helps anyone affected by a work-related illness or injury quickly find their employer's insurer information.

**If this sounds like the type of organisation for you, read on.**

If not, let's leave it here. No hard feelings.

# Our principles

**At a time when the needs of our members and partners are always changing, it's often how we get there that makes our biggest achievements possible.**

The shared ways of thinking and behaving we call the MIB Principles guide and inform everything we do.

## Customer first

We put our customers at the heart of everything we do, always looking to understand their needs and build trusted relationships to make a positive difference. We're transparent, we work with integrity and strive to get it right first time, every time.

## Think BIG

We empower our people to innovate, evolve and continually improve. We challenge each other to think beyond today, to think outside the norm and find new ways to improve. With our different skills, personalities and experiences, we make change possible.

## Inspire

You don't have to be a leader to inspire the people around you. The work we do and how we do it should inspire those around us. By aiming high and being our best selves, we encourage and support each other with trust, openness and our shared desire to make a difference.

# People and planet

We're all about making a positive impact on people and the planet. And when you join us, you'll have plenty of chances to help do good in the world.

We're committed to six of the United Nations Global Goals for Sustainable Development. And, we're proud members of the United Nations Global Compact Network (UK).

## People and the community

At MIB, Belonging, Inclusion, Diversity and Equity (BIDE) are top priorities. We're committed to closing the gender pay gap and report openly, including through the Women in Finance Charter. Our employee networks embody our BIDE principles, fostering inclusivity for everyone. Through Goodness, our engagement programme, we support causes like UnityMK, volunteer work, and environmental efforts.

## Climate action and the environment

Our team plays a crucial role in driving sustainability at work and in the community. In 2022, we improved our Milton Keynes head office, cutting greenhouse gas emissions by 70%. By investing in certified carbon removal projects in 2023, our head office became carbon neutral. We'll keep reducing emissions across our estate and supporting our team to make positive changes at work and home.

## Early intervention through education

We're committed to ending uninsured driving by focusing on early education. Teaming up with the PSHE Association, we've co-created resources for teachers to improve awareness among future drivers. Partnering with The Safety Centre, Hazard Alley, we aim to reach 1,000 young people a year. Together, we can enhance road-safety knowledge and awareness among young people, making roads safer for everyone.

# The beginning of the end for uninsured driving

*Accelerating to Zero* is our commitment to end uninsured driving for good. This is what we're going to deliver in 2026 to start making it a reality:

## We'll make powerful shifts to end uninsured driving for good

Uninsured driving causes devastating harm – and too often it's preventable. In 2026, we'll use new insight to understand exactly who drives uninsured, and why. And we'll reach young and new drivers with better education, while continuing to push for stronger penalties to get those who knowingly endanger others off the road.

## We'll help even more people rebuild their lives

No one hit by an uninsured or hit-and-run driver should go without the support they deserve. That's why we handle every claim quickly, fairly and compassionately. In 2026, we'll continue to improve every part of the claims journey and we'll explore new partnerships and training opportunities so more people can benefit.

## We'll make sure data drives the good we do

Behind safer roads lies reliable, secure and timely data. We'll work with the insurance industry to develop robust data standards, pilot real-time insurance checks with councils, and introduce technology that lets insurers upload data directly to us.

## We'll get ahead of the connected and self-driving vehicle revolution

How people travel is changing – from e-scooters to connected and self-driving cars. We'll work with the government, industry and car manufacturers to make sure the law keeps pace, and to define what data can securely be shared to make roads safer. And we'll keep pressing for clear rules on safe e-scooter use.

# YOUR TIME — TO — SHINE

**As Customer Strategy Delivery Lead, you'll Co-lead the delivery of initiatives within the Accelerating to Zero strategy, specifically aligned to the Uninsured Driving Prevention Value Stream.**

You'll lead the planning and execution of uninsured driving prevention initiatives, coordinating roadmaps and backlog prioritisation with the Head of Customer Delivery Services and Senior uninsured driving prevention manager.

You'll engage and work closely with key internal teams in support of cross-stream alignment and shared outcomes.

You'll develop and maintain governance artefacts, delivery plans, and roadmaps in line with internal policies.

You'll define, track, and report on initiative benefits from ideation through to implementation, ensuring measurable business value is delivered, working closely with the Value Delivery team to ensure consistency of approach

You'll prepare materials for appropriate governance and business meetings, senior leadership briefings, and external/internal presentations, or informal team updates around the business.

## **What you'll bring to the party**

- Experience in strategic programme delivery, ideally within technology, or insurance sectors.
- Excellent stakeholder management and communication skills, with the ability to influence at all levels.
- Demonstrable experience in risk management and in establishing/maintaining governance artefacts (e.g., delivery plans, roadmaps, RAIDs, etc).
- Comfortable navigating legal, compliance, and procurement landscapes.
- Experience in benefit tracking and value realisation.
- Proven experience leading cross-functional teams and directing workstreams.
- Ability to work well in cross-functional teams and foster a culture of innovation and continuous improvement.
- Experience Managing Stakeholder and Partnership Relationships: Especially in complex and cross-functional environments.
- Customer-centric.

# It's what we do together that makes the difference

## Proud

We're proud to protect people from the devastation of uninsured and hit-and-run driving.

We're proud to make roads safer.

We're proud of the people who make it happen – YOU.

## Connected

We work together in a supportive and collaborative way, which creates real connection and a sense of belonging.

We value open communication, teamwork and a genuine interest in each other's priorities and well-being.

We support each other through our peer-to-peer employee networks.

## Supported

We've created an environment where you can be you.

We encourage a culture of positive well-being, promoting healthy habits and giving you tools to support your mental and physical well-being. Because as passionate as we are about the work we do, we know there's more to life than work.

## Your best

We provide opportunities for you to learn, grow and focus on what makes you great. This may include becoming an expert in your field or taking on new challenges.

We know nobody gets it right every time, so we support each other to learn quickly when things don't go well.

Our people are out of this world, whether it's our community, the people we work with or the difference we make. Take a look at our video that shows what it's really like to be part of MIB.
